2008 Membership Application

2007 was an exciting year for the Alano Club and 2008 will bring additional growth and improvement of the Club's services, activities and organizational development. The board, with advice from legal, business, and real-estate professionals, worked tirelessly to address the impending obstacle of meeting the retrofit requirements for the building by 2009. It was determined that it would be financially impossible to meet these requirements; consequently, xxxxx. The board and advisors are continuing work on identifying an appropriate property for the Club (both in terms of price and facilities); they are also developing the business and strategic plan to address the loss of revenue stream from tenant rentals with the move to a new property. While the upcoming years will most likely be a year of change and transition, the passionate commitment of the board, staff, volunteers, and advisors will ensure that the interests of the recovering community and the organization are served to maintain uninterrupted services.

The Club will build on and develop new programs for 2008:

- Quarterly newsletter development and distribution with special interest pieces, club information, and recovery resources
- Holiday meals, marathon meetings, and extended club hours
- Dances and other fun activities
- Development of professional tri-fold brochure for community members, professionals and recovering individuals.
- Development and implementation of *Needs Assessment Survey* to identify opportunities for programmatic development
- Ongoing strategic planning addressing business development, fundraising, programs, and communications with the support and input from various recovering individuals and professional advisors
